Matthew 5

Pastor Charlie

Two bushmen, who lived in the remote outback, went for a long walk and stumbled upon a city. 'Wow! How do you think that got there?' one asked the other. The second bushman, who considered himself quite scientific, replied: 'Well, there are two theories. First, there is the "Big-Prang Theory" where two mountains collided and all the rocks accidentally fell into place, forming what you see before you. The second theory which most educated people accept is known as the "Ever-Popular-Solution" or "Evolution" for short. This is where, given the right circumstances and enough time, rocks and minerals arrange themselves into complex mathematical shapes, complete with flashing lights and strange vehicles whizzing around them.' The first bushman scratched his head, saying: 'I don't know, mate - it seems as if someone designed it.' 'Don't be stupid,' laughed the second. 'You've gotta be pretty simple-minded to believe that.'

It is just as unlikely for a city to accidentally form itself as a DNA molecule (the most efficient information storage system in the known universe) is to form accidentally. Or, to use another example, frayed dinosaur scales transforming into symmetrical bird feathers is as likely as a frayed t-shirt transforming into an Armani suit. Many eminent scientists, who see the enormous problems in outdated and unproven theories, are re-examining the scientific facts and concluding that everything in creation has intelligent design. So if there is intelligent design to creation, wouldn't that indicate there is an Intelligent Designer? **For since the creation of the world His invisible attributes are clearly seen, being understood by the things that are made, even His eternal power and Godhead, so that they are without excuse. Romans 1:20.**

We have been given permission to park in the west lot, they keep the snow off and salt when necessary. But. We park there at our own risk, so please BE CAREFUL when you walk.

The Church is going through a big spring cleaning right now. We aren't waiting for spring. If you drop it, spill it or leave some crumbs, please be kind and clean it up.

Do not forget, if you haven't gotten your T Shirt from putting your size on the Board, see Corrie.
